

WHACK A CLOWN

ICE

SEGA®

Whack A Clown is a brand new carnival themed redemption whacker with a fun new twist. Like the traditional game, players must whack as many clowns as possible before the time runs out. Different colour targets are worth different points values, with the challenging RED clown to avoid. A whimsical mechanical arrow meter shows the player their skill level. Link up to 8 games together to allow players to compete versus each other for big ticket values. Classic carnival-style heckles and sounds makes this game highly entertaining at any location.
