

Super Chexx | ICE | Sport

Ice's very first coin-op game that today is still considered one of the all time classics. The game play is fast, exciting and realistic as the players on either side control all 5 hockey players and the goalie.

Up to 4 players | Ticket redemption feature available | Split base option available for doorways less than 32" | Game time adjustable

Gameplay

Players use the rods to move the players and use them to control the puck and score in their opponents net. The team with the most goals when the time limit is reached wins, but if it's tied the game goes to sudden death until someone scores the winner!
